For Immediate Release

Hydro Dynamics Partner Three-Es to Exhibit at Italian Biogas Show

Hydro Dynamics, Inc. (HDI) of Rome, Georgia (www.hydrodynamics.com) partner Three-Es S.r.l. of Milan, Italy (www.reattorespr.it) is exhibiting the ShockWave Power Reactor (SPR) at a biogas event this fall. The KeyEnergy Biogas exhibition (www.keyenergy.it) will take place in Rimini, Italy from November 7th to 10th of 2012. Biogas is the production of methane through the digestion of mostly waste materials. In tests the SPR has been shown to increase the yield of biogas by 20% or more along with a 20% reduction in time and energy use. Biogas represents an exciting new dimension to the SPR biofuel portfolio.

Three-Es Bio-SPR Stand:

8 Redmond Court, Rome, Georgia 30165 · 706-234-4111
